## Frontend React & Nextjs

abdelrhman.reda.dev@gmail.com | +201062915367 | Egypt,Cairo | linkedin | github | portfolio

### PROFILE

Front-end developer with 2 years' experience in React and Next.js, focused on creating fast, scalable web apps. Passionate about clean code and smooth user experiences. Always keen for new challenges.

### PROFESSIONAL EXPERIENCE

#### oneHand

React Developer

07/2023 – 06/2024

#### upgrade solution

Web Designer

2022 – 04/2022

### PROJECTS

#### The-Wild-Oasis-Website

- I designed an engaging website for Wild Oasis with intuitive navigation, which led to a 30% boost in user inquiries. The site showcased the luxurious retreat in a stunning natural setting with amazing visuals, focusing on a calm and stylish experience.

#### The-Wild-Oasis-Dashboard

email: abdoreda2060@gmail.com / password:12345678

- Developed the Wild Oasis dashboard using React, Styled Components, React Query, and Supabase, featuring a sleek and modern interface. The user-friendly design allows for intuitive content management, and the responsive layout ensures seamless functionality across devices. Integrated Supabase for real-time data handling and secure management, enhancing overall platform efficiency.

#### Fast-Pizza

- Developed a responsive website that ensures a seamless user experience across devices. The site features an efficient ordering process with easy customization and real-time updates. Engaging visuals and detailed pizza descriptions enhance user interaction, while fast load times provide a quick and convenient browsing experience for effortless pizza ordering.

# SKILLS

---

## Language Skills

- **HTML:** Proficient in HTML5
- **CSS:** Strong skills in CSS3 for styling web applications.
- **JavaScript:** Strong understanding of ES6+ features and modern JavaScript practices.
- **Tailwind CSS:** Experienced in using Tailwind CSS for utility-first design.
- **React.js:** Skilled in building dynamic user interfaces with React (v17+).
- **React Query:** Proficient in data fetching and state management using React Query.
- **Redux & Redux Toolkit:** Experienced in state management with Redux and the Redux Toolkit.
- **Styled Components:** Knowledgeable in using Styled Components for styling React applications.
- **Bootstrap:** Familiar with Bootstrap 5 for responsive design and layout.
- **Next.js:** Proficient in building server-rendered applications using Next.js (v12+).
- **Git & GitHub:** Experienced in version control and collaborative development using Git and GitHub.

## soft skills

- **Effective communication:** Clear in speech and writing.
- **Problem-solving:** Quick issue resolution.
- **Teamwork:** Works well with others.
- **Time management:** Manages tasks efficiently.
- **Adaptability:** Easily learns new tools.
- **Quick learner:** Adapts to new concepts fast.
- **Front-end tools proficiency:** Skilled in using front-end development tools.

# ACTIVITIES

---

- **Framework Utilization:** Leveraged React and Next.js for development, creating dynamic and responsive web applications.
- **Created Reusable Components:** Designed reusable components in React to improve efficiency and simplify code maintenance.
- **Team Collaboration:** Worked closely with back-end developers to ensure seamless API integration and data flow.
- **User Testing:** Conducted regular usability tests to improve user interaction and enhance the overall experience.
- **Responsive Design:** Made sure the app looks great on all devices by applying responsive design principles.
- **Smart Data Fetching with React Query:** Implemented React Query for easy data fetching and caching to boost performance.
- **Advanced State Management with Redux:** Used Redux for effective state management, keeping data flow smooth between components.
- **Built Interactive UIs with React:** Created sleek and user-friendly interfaces using React and Styled Components.

# EDUCATION

---

**Bachelor of Agricultural Engineering**  
*Al-Azhar University*

09/2021 – 05/2025

## **Front-End Development Diploma**

10/2021 – 07/2022

- Earned a diploma in front-end development, working on various projects involving HTML, CSS, JavaScript, and React.

## **JavaScript & React Course**

01/2022 – 03/2022

*Maximilian Schwarzmüller (Udemy)*

- Completed an in-depth course covering both fundamental and advanced concepts in JavaScript and React, focusing on building interactive and modern web applications.

## **JavaScript & React Course**

03/2022 – 04/2022

*Jonathan (Udemy)*

- Gained advanced skills in JavaScript and React through this course, diving into topics like object-oriented programming (OOP), memory management, APIs, and building user interfaces with React.
